This sign delineates the refuge boundary. Always know the regulations before entering.

All hunting and possession of any weapon is prohibited beyond this sign.

The area beyond this sign is closed to all public entry. Exceptions are stated on sign.

Black bears are protected
 The Louisiana black bear is listed as a threatened species under the provisions of the Endangered Species Act of 1973. This National Wildlife Refuge was established to help conserve this special animal. Do not disturb or harass black bears found on the Refuge. Hunters, please note sightings of black bear on your daily check card.

Be aware that it is unlawful for anyone to take, harass, disturb, etc., any Louisiana black bear. Criminal penalty: up to \$50,000 and 1 year imprisonment.

Be Bear Aware! Do not leave game or snack food available for bears. Always identify your target before shooting. Report Sightings on Daily check out cards.

Hunters are authorized to take **only** species listed on season permits and during season dates. Hunters are prohibited to take any other species than those permitted by Season Permit listed above; this prohibits taking of feral animals such as hogs, unregulated quadrupeds such as coyotes or armadillos, or other animals such as doves, crows, racoons or opossums.
